M/S PETITION  
Commissioner for Patents  
Customer Service Window  
Randolph Building  
401 Dulany Street  
Alexandria, VA 22314

Sir:

In connection with the response to the Office Action dated March 3, 2006, filed herewith for the above-identified patent application, the Applicant hereby petitions under the provisions of 37 C.F.R. §§ 1.84(a)(2) and 1.84(b)(2) for acceptance and entry of the color drawings, specifically color photographs, presented as FIGs. 6-8, in this application.

Pursuant the requirements outlined in 37 C.F.R. § 1.84(a)(2), the Applicant hereby provides the petition fee of \$130 pursuant to 37 C.F.R. § 1.17(h), three copies of the color drawings, and have concurrently filed an amendment to incorporate the required text into the Brief Description of the Drawings section of the Specification.

The Applicant contends that in this instance color photographs are highly useful for accurately illustrating aspects of the present invention which is directed, *inter alia*, to the development of fluorescent zebrafish. The color photographs, include, for example, images of zebrafish exhibiting green and red fluorescence. The Applicant maintains that conventional black and white line drawings are inadequate to convey the range of zebrafish addressed by this application.

The Applicant, therefore, requests that this petition be granted and the color photographs of zebrafish presented herewith as FIGS. 6-8 be entered in this application.

If necessary, the Commissioner is hereby authorized in this, concurrent, and future replies to charge any underpayment or non-payment of any fees required under 37 C.F.R. §§ 1.16 or 1.17, or credit any overpayment of such fees, to Deposit Account No. 08-0750, including, in particular, extension of time fees.

Respectfully submitted,

HARNESS, DICKEY & PIERCE, P.L.C.
